Summary

Full-Stack Developer with hands-on experience in building scalable EdTech and E-Commerce platforms using React, Node.js, and MongoDB. Skilled in secure authentication, cloud deployment, and delivering production-ready applications.

Skills

Frontend: HTML, CSS, JavaScript, React, Tailwind CSS, Framer Motion.

Backend: Node.js, Express.js, MongoDB.

Cloud/Deployment: Firebase, Vercel, Render.

Projects

Personal Portfolio Website. | *HTML, CSS, JS* **March 2023**

- Built a responsive portfolio website with interactive project showcase and contact form, deployed on Vercel.

E-Commerce Product Page. | *React, Node.js, Express.js, MongoDB* **February 2025 – March 2025**

- Developed a dynamic product listing page with advanced filtering features, allowing users to narrow down products by category, price range, or keyword for a more efficient browsing experience.
- Implemented category, price range, and keyword filters with instant updates using React state management.
- Optimized MongoDB queries to support fast filtering and sorting, even with large datasets.

StudyCircle-EdTech Platform. **May 2025 – Dec 2025**

- StudyCircle is a Smart Learning Management System (SLMS) designed to streamline online education by combining interactive course delivery with secure user management.
- The platform features a modern frontend built with React.js, Redux Toolkit, and Tailwind CSS.
- On the backend, the system leverages Node.js, Express.js, and MongoDB to manage data and authentication, secured with JWT and Bcrypt. It also integrates third-party services like Razorpay for payments, Cloudinary for media storage, and Nodemailer for email notifications, making it a complete end-to-end solution.
- Deployment was handled via Vercel/Render, with Postman and GitHub used for testing and version control, showcasing ability to deliver a scalable, production-ready EdTech platform.
- **Technologies Used:** React.js, Redux Toolkit, Tailwind CSS, Framer Motion, Axios, Node.js, Express.js, MongoDB, JWT, Bcrypt, Razorpay, Cloudinary, Nodemailer, Vercel, Render, Postman, GitHub
- **Live Project:** <https://studywith.vercel.app/>

Awards & Certifications

- **Cloud Technologies – Infosys Springboard (Dec 2024):** Successfully completed industry-aligned training in cloud fundamentals and applications. [View Certificate](#)
- **Basics of Python – Infosys Springboard (Feb 2025):** Gained foundational programming skills in Python, covering syntax, data structures, and problem-solving. [View Certificate](#)
- **Coding Development Job Simulation – Deloitte (Sep 2025):** Completed practical tasks in coding and development through Deloitte's Forage virtual internship program. [View Certificate](#)

Education

B.Tech. Computer Science Engineering

College of Engineering and Rural Technology, Meerut-(AKTU-70)

Graduated: 2026

CGPA: 8.0 / 10
